We're Hiring!

R&D Tax Manager

Due to our continued expansion, an opportunity has arisen within our tax incentives team for an ambitious and proven R&D Tax Manager to work closely with Partners and Senior Management.

Employment Type: Permanent, full time.

The Role:

1. A fantastic opportunity to take a leading role with clients and work in collaboration with an initiative-taking team in a tax environment.
2. This position suits someone who can demonstrate a strong background in R&D Tax Relief undertaking both SME and RDEC claims within multiple industry sectors.
3. You will be joining an existing R&D team and have the opportunity to play a key part in the continued growth of the business.
4. You will have the opportunity to work within a variety of sectors and industries whilst developing new skills.

Responsibilities:

1. In conjunction with our technical industry experts and working alongside our Accounts, Audit and Tax teams, you will support clients with their R&D tax relief claims by undertaking qualitative and quantitative assessment to meet the BEIS guidelines.
2. Supporting claims in the event of HMRC R&D enquiries.
3. Staying abreast of industry developments and legislative changes relevant to R&D tax relief and other innovation incentives to further your knowledge and capabilities.
4. Assisting with identifying and quantification of further tax incentive schemes including Capital Allowance claims and Patent Box, working collaboratively with clients.
5. The role is client-facing and relies on your ability to deal with senior technical people on a one-to-one basis, conducting structured meetings, acquiring the relevant technical information and authoring high-quality technical reports.
